- 12.04.260 City work exempt from provisions.

12.04.010 Definitions.

For the purpose of this chapter the following terms, phrases, words and their derivations shall have the meaning given to them in this section:

A. "Applicant," means any person making written application to the city clerk for an excavation permit under this chapter.

B. "City engineer" means the person designated to act as such by the city council for the purpose of enforcement of and administration of this chapter.

C. "Excavation work" means the excavation and other work permitted under an excavation permit issued under this chapter.

D. "Permittee" means any person who has been granted and has in full force and effect an excavation permit issued under this chapter.

E. "Standard specifications" means the standard drawings, details and specifications adopted by the city council by resolution for use in all construction within the city limits governed by this chapter. (Ord. 40 §1, 1963).

12.04.020 Permit--Required.

It is unlawful for any person to make or cause to be made, any excavation or to do or cause to have done any work of any kind, for any purpose whatsoever, upon any public street, road, lane, alley, sidewalk, curb, gutter, driveway or any public place within the city for any purpose, or to place, deposit or leave upon any street any earth or other excavated material obstructing or tending to interfere with the free use of the street, unless such person has first obtained an excavation permit therefor from the city clerk as provided in this chapter. (Ord. 40 §2, 1963).

12.04.030 Permit--Application.

No excavation permit shall be issued unless a written application for the issuance of an excavation permit is submitted to the city clerk. The written application shall

state the name and address of the applicant, the nature, location and purpose of the excavation, the approximate date of commencement and approximate date of completion of the excavation and other data as may reasonably be required by the city engineer. The application shall be accompanied by plans showing the extent of the proposed excavation work, the location of the excavation work, and such other information as may be prescribed by the city engineer. (Ord. 40 §3, 1963).

12.04.040 Permit--Issuance--Fees.

A permit shall be issued upon compliance with all city ordinances and payment of fees as follows:

A. No fee shall be required for work in any subdivision constructed under or proposed to be constructed under the city subdivision ordinance and for which fees have been paid thereunder;

B. Where a permit is issued for work not included as a part of a proposed subdivision under subsection A of this section, the applicant shall pay a fee in accordance with the following:

Minimum permit fee	\$20.00
Utility main installation (less than 330 lineal feet)	0.20/ft.
Utility service (incl. sewer laterals) installation	45.00
Utility repair/misc. excavation (less than 200 sq. ft.)	40.00
Bored and jacked street crossing	5.00/ft.
Curb and gutter installation	0.15/ft.
Driveway	35.00
Cross gutter installation	45.00
Sidewalk installation	0.05/ft.

On large scale projects not included above, the fee shall be determined by the city engineer.

The above fees do not include costs for soils, concrete or other testing, if required. (Ord. 226 §1, 1988; Ord. 40 §4, 1963).

12.04.050 Placard--Contents--Posting required.

The city clerk shall provide each permittee at the time a permit is issued under this chapter a suitable placard plainly written or printed in English letters with the following notice: "CITY OF ARVIN PERMIT NO. \_\_\_\_\_"

EXPIRES\_\_\_\_\_” and in the first blank space there shall be inserted the number of such permit and after the word “expires” shall be stated the date when such permit expires. It shall be the duty of any permittee under this chapter to keep the placard posted in a conspicuous place at the site of the excavation work. It is unlawful for any person to exhibit such placard at or about any excavation not covered by such permit or to misrepresent the number of the permit or the date of expiration thereof. (Ord. 40 §5, 1963).

12.04.060 Routing of traffic.

The permittee shall take appropriate measures to assure that during the performance of the excavation work traffic conditions as nearly normal as practicable shall be maintained at all times so as to cause as little inconvenience as possible to the occupants of the abutting property and to the general public. The permittee shall route and control traffic including its own vehicles as directed by the city police. (Ord. 40 §6, 1963).

12.04.070 Clearance for fire equipment required.

The excavation work shall be performed and conducted so as not to interfere with access to fire stations and fire hydrants. Materials or obstructions shall not be placed within twenty (20) feet of fire hydrants. Passageways leading to fire escapes or firefighting equipment shall be kept free of piles of material or other obstructions. (Ord. 294, 1996: Ord. 40 §7, 1963).

12.04.080 Protection of traffic required.

When required by the city engineer, the permittee shall erect and maintain suitable timber barriers to confine earth from trenches and other excavations in order to encroach upon highways as little as possible. The permittee shall construct and maintain adequate and safe crossings over excavations and across highways under improvement to accommodate vehicular and pedestrian traffic at all street intersections. The permittee shall erect such fence, railing or barriers about the site of the excavation work as shall prevent danger to persons using the city streets; or sidewalks, and such protective barriers shall be maintained until the work shall be completed or the danger removed. At twilight there shall be placed upon

such place of excavation and upon any excavated materials or structures or other obstructions to streets suitable and sufficient lights which shall be kept burning throughout the night during the maintenance of such obstructions. It is unlawful for anyone to remove or tear down the fence or railing or other protective barriers or any lights provided there for the protection of the public. (Ord. 40 §8, 1963).

12.04.090 Protection of adjoining property required.

The permittee shall at all times and at his or its expense preserve and protect from injury any adjoining property by providing proper foundations and taking other measures suitable for such purpose. (Ord. 40 §9, 1963).

12.04.100 Care of excavated material.

All material excavated from trenches and piled adjacent to the trench or in any street shall be piled and maintained in such manner as not to endanger those working in the trench, pedestrians or users of the streets, and so that as little inconvenience as possible is caused to those using streets and adjoining property. (Ord. 40 §10, 1963).

12.04.110 Damaging existing improvements--Repair requirements--Costs.

All damage done to existing improvements during the progress of excavation work shall be repaired at the expense of the permittee. Materials for such repair shall conform with the requirement of any applicable code or ordinance. If, upon being ordered, the permittee fails to furnish the necessary labor and materials for such repairs, the city engineer shall have the authority to cause the necessary labor and materials to be furnished by the city and the cost shall be charged against the permittee. (Ord. 40 §11, 1963).

12.04.120 Cleanup required--Costs.

As the excavation work progresses, all streets and property shall be thoroughly cleaned of all rubbish, excess earth, rock and other debris resulting from such work. All cleanup operations at the location of such excavation shall be accomplished at the expense of the permittee and shall be completed to the satisfaction of the city

engineer. From time to time as may be ordered by the city engineer and in any event immediately after completion of said work, the permittee shall, at his or its own expense, clean up and remove all refuse and unused materials of any kind resulting from such work and upon failure to do so within twenty-four (24) hours after having been notified to do so by the city engineer, such work may be done by the city engineer and the cost thereof charged to the permittee. (Ord. 40 §12, 1963).

12.04.130 Obstructing gutter prohibited--Allowing runoff prohibited.

The permittee shall not obstruct the gutter of any street but shall use all proper measured to provide for the free passage of surface water. The permittee shall make provision to take care of all surplus water, muck, silt, slickings or other runoff pumped from excavations or resulting from sluicing or other operations and shall be responsible for any damage resulting from its failure to so provide. (Ord. 40 §13, 1963).

12.04.140 Backfilling requirements.

Backfilling in any street opened or excavated pursuant to an excavation permit issued under this chapter shall be compacted to a degree equivalent to that of the undisturbed ground in which the trench was dug. Compacting shall be done by mechanical tappers or vibrators, by rolling in layers or by water settling, as required by the soil in question and sound engineering practices generally recognized in the construction industry, The decision as to whether a trench shall be backfilled by water settling shall be based upon such engineering practices and shall be made by the city engineer. Backfill material and the work of backfilling shall be in accordance with specifications of the city engineer applicable to the particular project based upon sound engineering practices generally recognized in the construction industry. (Ord. 40 §14, 1963).

12.04.150 City's surface restoration right.

If the permittee has failed to restore the surface of the street to its original and proper condition upon the expiration of the time fixed by such permit, or has otherwise failed to complete the excavation work covered by

such permit, the city engineer, if he deems it advisable, shall have the right to do all work and things necessary to restore the street and to complete the excavation work. The permittee shall be liable for the actual cost thereof and twenty-five percent (25%) of such cost in addition for general overhead and administrative expenses, The city shall have a cause of action for all fees, expenses and amounts paid out and due it for such work and shall enforce its rights under this chapter in any proper court. (Ord. 40 §15, 1963).

12.04.160 Site guarantee and maintenance.

It shall be the duty of the permittee to guarantee and maintain the site of the excavation work in the same condition it was in prior to the excavating for a period of two (2) years after restoring it to its original condition. (Ord. 40 §16, 1963).

12.04.170 Restoration of street required.

The permittee shall prosecute with diligence and expedition all excavation work covered by the excavation permit and shall promptly complete such work and restore the street to its original condition, or as near as may be, as soon as practicable and in any event not later than the date specified in the excavation permit therefor. (Ord. 40 §17, 1963).

12.04.180 Urgent work--Procedure.

If, in his judgment, traffic conditions, the safety or convenience of the traveling public or the public interest require that the excavation work be performed as emergency work, the city engineer shall have full power to order, at the time the permit is granted, that a crew of men and adequate facilities be employed by the permittee twenty-four (24) hours a day to the end that such excavation work may be completed as soon as possible. (Ord. 40 §18, 1963).

12.04.190 Emergency action--Procedure.

In the event of any emergency in which a utility in, over or under any street breaks, bursts or otherwise is in such condition as to immediately endanger the property, life, health or safety of any individual, the person owning or controlling such utility, without first applying

for and obtaining an excavation permit under this chapter, shall immediately take proper emergency means and measures to cure or remedy the dangerous conditions for the proper protection of property, life, health and safety of individuals. However, such person owning or controlling such facility shall apply for an excavation permit not later than the end of the next succeeding day during which the city clerk's office is open for business and shall comply with all other provisions of this chapter as set forth, except as may be provided differently in this section. (Ord. 40 §19, 1963).

12.04.200 Work regulations and requirements.

Each permittee shall conduct and carry out the excavation work in such manner as to avoid unnecessary inconvenience and annoyance to the general public and occupants of neighboring property. The permittee shall take appropriate measures to reduce to the fullest extent practicable in the performance of the excavation work, noise, dust and unsightly debris and during the hours of ten (10) p.m. and seven (7) a.m. shall not use, except with the express written permission of the city engineer or in case of an emergency as otherwise provided in this chapter, any tool, appliance or equipment producing noise of sufficient volume to disturb the sleep or repose of occupants of the neighboring property. (Ord. 40 §20, 1963).

12.04.210 Maps of underground facilities.

Each permittee installing, constructing or maintaining underground facilities such as pipes, wires, conduits or similar structures shall maintain accurate and complete maps of such facilities, The city engineer shall be furnished, free of charge, information regarding location, size and character of such facilities, either by sketches or maps, as may be necessary. (Ord. 40 §22, 1963).

12.04.220 Standards.

Except as otherwise provided, all work shall be done in accordance with applicable provisions of the standard specifications on file with the city clerk. (Ord. 40 §24, 1963).

12.04.230 Rule and regulation promulgation.

The city engineer shall have the authority to promulgate and cause to be enforced such rules and regulations as may be reasonably necessary to enforce and carry out the intent of this chapter. (Ord. 40 §21, 1963).

12.04.240 Liability of city.

This chapter shall not be construed as imposing upon the city or any official or employee any liability or responsibility for damages to any person injured by the performance of any excavation work for which an excavation permit is issued under this chapter; nor shall the city or any official or employee thereof be deemed to have assumed any such liability or responsibility by reason of any act authorized under this chapter, the issuance of any permit or the approval or any excavation work. (Ord. 40 §25, 1963).

12.04.250 Applicability of provisions to public utilities.

Public utilities and public districts organized under California law shall have the right to either obtain permits and pay fees equal to the fees set out in subsection B of Section 12.04.040 or to obtain an annual encroachment permit in lieu of all other fees. An annual encroachment permit shall be issued to such utility or district upon request and payment of a permit fee in the amount of fifty dollars (\$50.00) for utility and fifty dollars (\$50.00) for district. Such annual permit shall allow the permittee to place, replace, repair, provide and maintain, facilities in any public place where otherwise permitted by law. The permit shall expire on December 31st of the year of issue. The annual permit shall not permit excavations exceeding either three (3) feet in width of four (4) feet in length or extensions in excess of six (6) poles but the provisions of subsection B of Section 12.04.040 alone shall apply thereto. Such persons exempt under this chapter from the requirements of subsection B of Section 12.04.040 shall, however comply with all other requirements of this chapter. (Ord. 40 §26, 1963).

12.04.260 City work exempt from provisions.

The provisions of this chapter shall not be applicable to any excavation work under the direction of compe-

tent city authorities by employees of the city or by any contractor of the city performing work for and in behalf of the city, necessitating openings or excavations in streets. (Ord. 40 §23, 1963).

B. Notification by the city clerk shall be made by mailing a copy of the resolution adopted pursuant to Section 13.04.030, together with a copy of this chapter, to affected property owners as such are shown in the last equalized assessment roll and to the affected utilities. (Ord. 61 §7, 1968).

## Chapter 12.08

### REPAIR AND CONSTRUCTION OF SIDEWALKS

#### Sections:

- 12.08.010 Definitions.
- 12.08.020 Maintenance and repair of sidewalk area.
- 12.08.030 Residents to notify city director of field operations of defective sidewalk.
- 12.08.040 Liability for injuries where repair or report not made.
- 12.08.050 Defects caused by tree roots.
- 12.08.060 Necessity--Order by city manager or his/her designee.
- 12.08.070 Investigation and report by public works director.
- 12.08.080 Required work--Notice.
- 12.08.090 Required work--Procedure.
- 12.08.100 Statement of charges.
- 12.08.110 Record by council or its designee.
- 12.08.120 Failure to make required repairs.
- 12.08.130 Notice of assessment and hearing.
- 12.08.140 Hearing.
- 12.08.150 Assessment for repairs to constitute lien on property.
- 12.08.160 Charges as lien against property--Notice.
- 12.08.170 Notice--Proof of publication, posting or mailing.
- 12.08.180 Refunds.
- 12.08.190 Legality of charges.
- 12.08.200 Permit required.

12.08.210 Removal and disposal of earth.

12.08.010 Definitions.

For the purpose of this chapter the following terms are defined;

A. "Owner" means any person, firm or corporation listed as owner of real property on the tax rolls of the city, or an agent or representative of same.

B. "Sidewalk area" is that portion of a public street between the gutter line and property line. (Ord. 274 §1(part), 1994).

12.08.020 Maintenance and repair of sidewalk area.

The owner or owners of the property abutting any curb, sidewalk area, or alley are responsible for and shall be required to maintain the curb, sidewalk area, or alley, including the repair and/or correction of any hazards or defects located therein or thereon. (Ord. 274 §1(part), 1994).

12.08.030 Residents to notify city director of field operations of defective sidewalk.

Any resident of real property in the city shall report to the city council or its designee, in writing, the fact that any defective sidewalk exists in front of or along the side of the property occupied by such resident. (Ord. 274 §1(part), 1994).

12.08.040 Liability for injuries where repair or report not made.

If, in consequence of any sidewalk being defective and in condition to endanger persons passing thereon, any person, while exercising ordinary care to avoid the danger, who suffers damage to his person or property through any defect of a sidewalk may have recourse for damages thus suffered against the person failing to repair such defect or the person failing to report the defect. (Ord. 274 §1(part), 1994).

12.08.050 Defects caused by tree roots.

In the event that the defect is caused by tree roots, the city manager or his/her designee shall have power and authority to cut such root or to give permission to cut the same; provided, however, that if such root be other

than a surface root, the city manager or his/her designee shall consult the street superintendent concerning same. (Ord. 274 §1(part), 1994).

12.08.060 Necessity--Order by city manager or his/her designee.

The city manager or his/her designee, may on his/her own initiative, or on report or complaint of a resident of the city or of the director of field operations stating that conditions exist in any curb, sidewalk area, or alley in the city which require repairs or construction in order to protect the health and safety of the citizens of the city, or to protect the investment made in the improvements by the city, order the director of field operations to make a complete study of the situation. (Ord. 274 §1(part), 1994).

12.08.070 Investigation and report by public works director.

The director of field operations or his/her designee shall investigate the situation, interview the owners if they are reasonably available and devise a plan incorporating his/her findings. The street superintendent shall estimate the work necessary to replace or repair the curb, sidewalk area, or alley, together with estimated costs thereof, and submit to the city manager or his/her designee, a report on the status, feasibility, need, and costs with a recommendation for disposition of the project. (Ord. 274 §1(part), 1994).

12.08.080 Required work--Notice.

A. In the event the city manager or his/her designee, decides that certain repairs or construction are required in any curb, sidewalk area, or alley to protect the health and safety of the citizens of the city or the investment made in permanent improvements on any street or alley in the city, city manager or his/her designee, shall cause notice to be given in writing to the owner or owners of the property abutting the curb, sidewalk area, or alley where the work is required to be done. The notice shall be substantially in the following form:

NOTICE TO (REPAIR) (CONSTRUCT).

You, as the owner of the property, commonly known as \_\_\_\_\_, are hereby ordered to (repair) (construct) the \_\_\_\_\_ in front of or abutting said property in accordance with specifications outlined in Chapter 12.08 of the Arvin Municipal Code. A copy of these specifications is on file in the office of the City Clerk. You must begin this work within fifteen days after the date set forth below, and diligently prosecute it to completion within five days thereafter (Saturdays and Sundays excluded).

If the work is not commenced within this time period or an extension therefor granted by the City Manager or his/her designee, the City shall cause the work to be done and the cost will be made a lien upon your property as provided by law.

Dated this \_\_\_\_\_ day of \_\_\_\_\_, 19\_\_\_\_\_, at Arvin, California.

City of Arvin

By \_\_\_\_\_

B. One copy of such notice shall be sent by certified mail to the address of the owner as listed on the tax rolls of the county assessor. (Ord. 274 §1(part), 1994).

12.08.090 Required work--Procedure.

Unless the repairs or construction required, as stated in the notice, are commenced with fifteen (15) days from the date of notice and completed within five (5) days once commenced (Saturdays and Sundays excluded), or within any extension of time as may be granted, the city shall forthwith proceed with the repairs or construction as specified in the notice. (Ord. 274 §1(part), 1994).

12.08.100 Statement of charges.

Where the city proceeds with the repairs or construction as provided in this chapter, it shall on completions thereof prepare an itemized statement of all charges in connection therewith and mail the same by certified mail to the last known address of the owner of the property.

The cost of such repairs shall be a lien upon the property. (Ord. 274 §1(part), 1994).

12.08.110 Record by council or its designee.

The city shall retain a written record of the following:

- A. The description of each parcel of property on which a notice to repair or construct has been posted;
  - B. The name of the owner and his address;
  - C. The date of report of complaint;
  - D. The date of notification to repair or construct;
  - E. The charges incurred by the city, if any, in causing the repair or construction to be made, together with incidental expenses in connection therewith;
  - F. The method of payment, delinquencies in such payment, and penalties for delinquency, if any;
  - G. The date of mailing the statement of charges for the repairs or construction if any, to the owner;
  - H. The date and amount of any payment made thereon.
- (Ord. 274 §1(part), 1994).

12.08.120 Failure to make required repairs.

Upon the failure of the owner of the property to make the repairs by the notice to repair within the time prescribed by this department, the city manager, or his/her designee, shall direct that the city make such repairs, and the cost of the same shall be a lien upon the property. (Ord. 274 §1(part), 1994).

12.08.130 Notice of assessment and hearing.

If the required repairs are made by the city, the city shall, upon the completion of such repairs, serve upon the owner or person in possession of the property facing upon the sidewalk so repaired, either by personal service or by mail, the manner prescribed by Section 12.08.080 of this chapter, a notice setting forth a statement of the cost of such repairs.

Such notice shall also specify the date, hour and place when the city council will hear protests of the assessment of the cost of such repair upon such property. (Ord. 274 §1(part), 1994).

12.08.140 Hearing.

Upon the day and hour set for the hearing of protests, the city council shall hear and consider all protests, if there be any, and then affirm or reject the assessment of the cost of such repairs upon such property. The date of hearing of protests and affirming or rejecting the assessment may be continued from day to day. (Ord. 274 §1(part), 1994).

12.08.150 Assessment for repairs to constitute lien on property.

If the assessment for sidewalk repairs is not paid within five (5) days after its confirmation by the city council, the notice of lien, when recorded, shall be a lien upon the property, and such lien shall so continue until the cost of such repair has been paid in full and discharged of record.

Such lien shall be subordinate to all special assessment liens previously imposed upon the same property, but it shall have priority over all special assessment liens which may thereafter be created against the property. From and after the recording of such notice of lien, all persons shall be deemed to have had notice of the contents thereof. (Ord. 274 §1(part), 1994).

12.08.160 Charges as lien against property--Notice.

A. From and after the day of entry of the charges in the record as proved by Section 12.08.110 of this chapter, the charges for repair or construction shall become a lien against the posted property and shall be enforced in the manner provided in this chapter.

B. The city manager or his/her designee shall file a notice of lien with the county assessor-recorder. The notice of lien shall be substantially in the following form:

NOTICE OF LIEN

Pursuant to the authority vested in me by Chapter 12.08 of the Municipal Code of the City of Arvin, I did, beginning on or about the \_\_\_\_\_ day of \_\_\_\_\_, 19\_\_\_\_, cause the \_\_\_\_\_ in front of, or abutting, the real property hereinafter described to be (repaired) (constructed) and on the

\_\_\_\_\_ day of \_\_\_\_\_, 19\_\_\_\_, did mail to the registered owner of said property an itemized statement of the charges therefor, and the same has not been paid to this date, or any part thereof. Therefore, the City of Arvin does hereby give notice of its lien against the said described real property in the sum of \_\_\_\_\_ Dollars, representing the total charges, penalties, and fees included and the same shall be a lien upon said real property until said charges have been paid in full and discharged of records.

The real property hereinabove mentioned is that certain parcel of land lying within the City of Arvin, County of Kern, State of California, described as follows:

\_\_\_\_\_  
\_\_\_\_\_  
(Description).

DATED this \_\_\_\_\_ day of \_\_\_\_\_, 19\_\_\_\_, at the City of Arvin.

CITY OF ARVIN  
By \_\_\_\_\_

C. On the date of filing such notice of lien, the city council or its designee, shall also cause to be mailed to the owner of the described real property a copy of such notice. (Ord. 274 §1(part), 1994).

12.08.170 Notice--Proof of publication, posting or mailing.

Proof of publication, posting, or mailing of any notice, order, or determination provided for in this chapter shall be made by affidavit of the printer of the newspaper in which published, the foreman or principal clerk, or the person posting or mailing the notice, order or mailed, as the case may be and specifying at the time where or at which the same was published, posted, or mailed, as the case may be. It shall be the duty of the city clerk to keep among the official records of the city the affidavits of publication, posting, or mailing proved for in this

section. No error in the name or address and no failure to receive a copy of the notices mailed as provided in this section shall affect in any manner the validity of the procedure or of any lien imposed hereunder. (Ord. 274 §1(part), 1994).

12.08.180 Refunds.

The amount of any charge of any portion of the amount of any charge made a lien on property pursuant to the provisions of this chapter shall be refunded to the person entitled thereto by order of the city council, or it designee, in the same manner provided by law for the refunding of payment of general city taxes:

A. Which has been or shall be paid more than once; or

B. Which has been or shall be erroneously or illegally collected; or

C. Where an amount in excess of the amount chargeable has been or shall be paid; or

D. Where the amount charged was not chargeable to the person or the property of the person paying the same under the provisions of this chapter by reason of a mistake or clerical error of the officers or employees of the city. (Ord. 274 §1(part), 1994).

12.08.190 Legality of charges.

No charge or any act relating to such charge or the collection of the same under the provisions of this chapter shall be legal on account of informality or because the same was not completed within the time required by law. (Ord. 274 §1(part), 1994).

12.08.200 Permit required.

It is unlawful for any person, firm or corporation to lay down or construct, remove, alter, repair or cause to be laid down or constructed, removed, altered or repaired any sidewalk, curb, wall, driveway, or stairs on or within the public right-of-way of the city without first having obtained a permit to do so, in writing, from the city. (Ord. 274 §1(part), 1994).

12.08.210 Removal and disposal of earth.

Whenever it is necessary in laying down, constructing, or repairing any sidewalk, curb, wall, or stairs on

the public streets of the city to remove any portion of earth for such purpose, it shall be the duty of the person, firm, or corporation doing the work, prior to the completion thereof, to dispose of the earth. (Ord. 274 §1(part), 1994).

#### 12.12.010 Title.

This chapter may be referred to as the "street tree ordinance." (Ord. 275 §1(part), 1994).

#### 12.12.020 Definitions.

In this chapter unless the context otherwise requires:

A. "Director" means the director of field operations of the city.

B. "Hedge" means any plant material not defined in this chapter as a "hedge," "shrub" or "street tree," which is nonwoody, whether annual or perennial in nature and not necessarily hardy.

C. "Plant" means all plant material not defined in this chapter as a "hedge," "shrub" or "street tree," which is nonwoody, whether annual or perennial in nature and not necessarily hardy.

D. "Public place" means all open areas not designated as a "park" or "street," open to the public and owned by or leased to or under the control of the city.

E. "Shrub" means any woody perennial plant which is normally low, several stemmed, adaptable to shaping, trimming the pruning without injury.

F. "Street tree" means any woody perennial plant having a single main axis or stem commonly achieving ten (10) or more feet in height and capable of being pruned and shaped to develop a branch-free trunk at least nine (9) feet in height planted and/or maintained within a park, public place or street or planted and/or maintained on private property to the extent it encroaches or overhangs a park, public place or street.

G. "Superintendent" means the streets superintendent of the city. (Ord. 275 §1(part), 1994).

#### 12.12.030 Management plan.

The city planning director shall prepare and adopt a street tree management plan to include:

A. A list of approved street trees giving the common and botanical names;

B. Management practices regarding planting, maintenance, recycling and replanting of street trees;

C. Specifications regarding how a tree should be planted and staked, the proper spacing between street trees and the property setback from curbs and sidewalks. (Ord. 275 §1(part), 1994).

#### 12.12.040 Administration.

The director shall plan, administer, control and regulate the street tree program of the city in accordance with the management plan and this chapter. The director may develop practices and procedures to implement this

chapter and the management plan. (Ord. 275 §1(part), 1994).

12.12.050 Authority.

The director has the authority to maintain and care for (1) streets and (2) private trees to the extent they overhang or project within a public right-of-way, street or public road, as needed. The director shall develop a program to encourage planting of approved street trees throughout the city. (Ord. 275 §1(part), 1994).

12.12.060 Planting of street trees--Requirements.

No street tree shall be planted after the effective date of this chapter except in accordance with the management plan and this chapter. (Ord. 275 §1(part), 1994).

12.12.070 Permit required.

No person may plant, cut, trim, remove, prune, shape, injure, interfere with or do maintenance work on a street tree without first obtaining a street tree permit from the city. The permit shall be issued only for work to be done in compliance with the management plan and this chapter and shall be issued with a fee. The street department shall supervise work done under a permit, to the degree possible and feasible. (Ord. 275 §1(part), 1994).

12.12.080 Abuse or mutilation of trees.

No person shall:

- A. Break, damage, deface, burn, injure, mutilate, destroy or kill any street tree;
- B. Set or permit any fire to burn where such fire or the heat therefrom will injure any street tree;
- C. Apply, attach or place to any street tree or to any guard or stake intended for the protection thereof any paint, rope, sign, wire or any other device or substance of any kind or nature whatsoever without prior written authority therefor issued by the director;
- D. Authorize, cause or permit any substance deleterious to tree life on or into the soil about the base of any street tree or on any paved area from which the substance may seep into such soil;
- E. Cause or permit concrete, stones or other substances to be maintained or placed in such a manner as to

impede the free access of air and water to any street trees; or

F. Delay, interfere with, obstruct or resist the director, or his/her designee in the planting, maintaining or removal of street trees.

G. Allow a gaseous liquid or solid substance which is harmful to come in contact with a street tree. (Ord. 275 §1(part), 1994).

#### 12.12.090 Open ground for trees.

No person may place or maintain a stone, cement or other substance so that it impedes the free access of water or air to a street tree. At least twelve (12) square feet of open ground shall be maintained around a street tree unless the director specifically permits otherwise. Ground shall be considered "open ground" for these purposes, even if planted with grass or other ground cover plants. (Ord. 275 §1(part), 1994).

#### 12.12.100 Interference with work.

No person may interfere with the director, or his or her designee, or contractor while the director, his or her designee, or contractor is planting, maintaining, treating or removing a street tree, or is removing a stone, cement or other substance from around the trunk of a street tree. (Ord. 275 §1(part), 1994).

#### 12.12.110 Erection, alteration or removal of structures.

When the erection, repair, alteration or removal of a structure necessitates the trimming, pruning or removal of a street tree, such tree work may be done only after a written permit is issued by the superintendent and at the expense of the applicant. As a condition to granting a permit for the removal of a tree under this section, the applicant shall replace the removed tree with an approved tree in conformance with the management plan. Before the permit is issued, the applicant shall post security (cash or a bond) with the city in an amount sufficient to cover the cost of replacing the tree.

The city may use the security to defray its cost of replacing the tree if the applicant fails to do so within a reasonable time. If the applicant does replace the tree within the designated time, the applicant's security will be released by the city. (Ord. 275 §1(part), 1994).

12.12.120 Private trees.

No person may maintain a tree on private property in a manner which becomes a hazard to pedestrian or vehicular traffic by obstructing vision or impairing necessary clearance or which impairs the security or usefulness of a public street, sewer, sidewalk or other public or private property. (Ord. 275 §1(part), 1994).

12.12.130 Public nuisance.

A private tree maintained contrary to this section is a public nuisance. To declare a public nuisance, the planning director shall give written notice to the owner of the property upon which the nuisance exists to trim, remove, or otherwise control the tree in a manner that will abate the nuisance. The notice shall be given by personal service or by mailing to the owner of the property as shown on the last assessment roll. Failure to comply with the notice within ten (10) days is a violation of this section, and the planning director shall correct such condition at the expense of such property owner.

Nothing contained in this chapter shall be deemed to impose any duty or liability on the city nor to relieve any property owner of the duty to keep all trees planted and/or maintained on such private property in such condition so as not to endanger or constitute a hazard to the health, safety, welfare or property of the public. (Ord. 275 §1(part), 1994).

12.12.140 New development.

As a condition of approval of a parcel map, tentative map, conditional use permit, architectural review permit or building permit, the applicant may be required to plant street trees on the subject property in accordance with the city's management plan. Before the approval of any parcel or final map, the applicant shall pay to the city any applicable street tree planting fee established and affixed by the city council by resolution and thereafter, at an appropriate time, the director shall plant or cause to be planted the street trees. In the alternative, applicant shall have the trees planted. (Ord. 275 §1(part), 1994).

12.12.150 Public utilities.

In an emergency when a tree is interfering with and interrupting service, a public utility company providing gas, water, electricity, telephone, telegraph or cable service within the city may, without first obtaining a permit, trim or remove branches of trees to the extent necessary to restore service. (Ord. 275 §1(part), 1994).

12.12.160 Appeals from director and commission actions.

Any person affected by any action, decision or ruling of the director pursuant to this chapter may, within ten (10) days of the date of such action, decision, or ruling, appeal the same to the city council by filing a written notice of appeal, which shall specify with particularity wherein such action, decision or ruling was in error, with the city clerk. Within forty-five (45) days of the date of the filing of a notice of appeal, the city shall set the appeal for hearing by the city council and, at least ten (10) days prior thereto, give to the appellant, the director and any other person requesting same, written notice of the date, time and place set for the hearing on the appeal. The appellant shall have the right to the assistance of counsel, or may appear by counsel, and shall have the right to present evidence. At the hearing on the appeal, the city council shall consider the record and any additional evidence that may be presented. The city council may continue the hearing on the appeal for not to exceed thirty (30) days.

Within (10) ten days of the conclusion of the hearing on the appeal, the city council shall render its decision on the appeal and may affirm, modify or reverse, in whole or in part, the action, decision or ruling appealed from, or may take or make such additional or substitute action, decision or ruling as it may find warranted. Within five (5) days of the date the city council renders its decision on the appeal, the city clerk shall give notice thereof to the appellant, the director and any other person requesting the same. The decision of the city council shall be final.

Any and all notices shall be in writing and shall be served either personally or by mail. If served personally, service shall be conclusively deemed made at the time of service. If served by mail, service shall be conclusively deemed made forty-eight (48) hours after deposit thereof

in the United States Postal Service mail, postage prepaid, addressed to the person to whom such notice is to be given. (Ord. 275 §1(part), 1994).

12.12.170 Violation--Penalty.

Any person who violates any of the provisions of this chapter or any of the provisions of any written authority issued by the director shall be liable for a civil penalty of not to exceed one hundred dollars (\$100.00) per day for each and every day, or any part thereof, during which any such violation is committed, continued or permitted, which shall be assessed and may be recovered in a civil action brought in the name of the city. (Ord. 275 §1(part), 1994).

12.12.180 Public nuisances.

The following are declared to be public nuisances:

A. A dead, diseased, infested or dying tree on private property so near to any street tree as to constitute a danger to street trees, or streets, or portions thereof;

B. Any tree or shrub on any private property or any shrubs in a parkway strip of a type of species which damages, destroys or otherwise interferes with any street improvement, sidewalks, curbs, approved street trees, gutter, sewers, or other public improvements including mains or service, or threatens to so damage, destroy or impair same;

C. Vines or climbing plants growing into or over any street trees or any public hydrant, pole, or any part of such pole;

D. Existence of any tree on private property within the city limits which is infested, infected, or in danger of becoming infested or infected with injurious insects, scales, fungus, or growth;

E. The existence of any branches or foliage on private property which interferes with visibility on, or free use of, or access to, any portion of any street improved for vehicular or pedestrian travel;

F. Hedges or dense thorny shrubs and plants on any street or parkway strip or part thereof;

G. Shrubs and plants more than twelve (12) inches in height in any parkway strip, measured above top of curb grade;

H. The construction or maintenance of any type of wall or fence around or within any city right-of-way or portion thereof, unless an encroachment permit has been issued therefore by the planning director;

I. The placing or maintenance within any city right-of-way or portion thereof, of any solid landscaping, decorative materials, or plantings, including but not limited to large rocks, driftwood or planters made of tile or concrete pipe sections, which protrude more than twelve (12) inches above the level of the curb and sidewalk and which are continuous with the length of a parkway strip, or otherwise tend to block the free movement of pedestrians across the width of a parkway strip;

J. The placing or maintenance of any type of ground cover or plant materials within two (2) feet of the base of any tree in a parkway strip or other place along which the city has a tree planting easement;

K. Concrete, asphalt, tar paper or plastic membranes or other types of impervious materials placed in a parkway strip or tree easement in such close proximity to a street tree as to impede the movement of soil, air and water which are necessary to sustain growth and development of the street tree;

L. Removal from or planting, trimming or pruning an official street tree on any public area along a city street without a written permit from the director;

M. Planting a tree, shrub or plant in or on public property or a public street tree easement without a written permit from the director;

N. Excavating any ditches, tunnels or trenches or installation of pavement within a four-foot (4') radius of any public tree without a written permit from the director;

O. Failure, neglect or refusal to guard and protect a public tree while performing any work of excavation or construction on any street or publicly owned property;

P. Failure, neglect or refusal of any owner or occupant of property abutting a parkway to maintain that portion of the parkway adjacent to the property, including but not limited to periodic and regular watering and weed control;

Q. Paving or covering all or part of a parkway strip without a written permit from the director;

R. Abusing or mutilating trees as set forth in Section 12.12.080 of this chapter;

S. Failure, neglect or refusal by a property owner to repair a sidewalk adjacent to the owner's property which was damaged by a tree on the owner's property consistent with Chapter 12.12 of this code. (Ord. 275 §1(part), 1994).

12.12.190 Abatement of public nuisance--Generally.

A. Initiation of Proceedings. The planning director shall initiate proceedings to abate or correct a public nuisance by giving notice as provided in this section.

B. Notice. The notice to appear shall be personally served and posted as follows: by personally serving the notice upon the person responsible for the nuisance and the owner, tenant or other person in possession or control of private property adjacent thereto and adjacent to the public sidewalk, street or other thoroughfare on the same side and in front of the premises upon which or abutting the public place on which the nuisance exists.

C. Form of Notice. The heading of the notice shall read "NOTICE TO ABATE NUISANCE" in letters of not less than three-quarters (3/4) of an inch in height and the notice shall be substantially in the form as follows:

NOTICE TO ABATE NUISANCE

To: \_\_\_\_\_

YOU ARE HEREBY NOTIFIED THAT:

1. The following public nuisance exists:

\_\_\_\_\_  
(Place and description of nuisances).

2. The public nuisance was caused by or results from

\_\_\_\_\_  
(Describe cause of nuisance).

3. City Ordinance Section \_\_\_\_\_ prohibits maintenance of such public nuisance and requires abatement. A copy of the applicable Ordinance Section is attached for your information. A complete copy of

the Ordinance is available for your review in the office of the City.

4. You are hereby required to abate or correct the public nuisance within \_\_\_\_\_ days from and after receipt of this Notice or the Director of Field Operations will cause abatement thereof at your cost and expense to be collected in an appropriate civil action or assessed as a lien against the parcel of property known as

\_\_\_\_\_  
(street address).

in the City of Arvin, Kern County, California, and described as follows:

\_\_\_\_\_  
\_\_\_\_\_  
(Assessor's parcel # & legal description).

5. You may appear before the Director of Field Operations on or before the \_\_\_\_\_ to protest this Notice and show cause why it should not be implemented or for the purpose of reasonably scheduling abatement or correction of the public nuisance.

6. If you do not so appear, it shall be deemed a waiver of your right to protest or schedule abatement and the Street Supervisor will proceed to abate the nuisance as proved in Ordinance #\_\_\_\_\_ at your cost and expense, which is collectible pursuant to said Ordinance by an appropriate legal action or assessment on the parcel of property described in Paragraph of this Notice.

7. If you do appear and do not accept the determination of the Director with respect to your protest, you may file a written appeal with the City Council within ten days after receiving said determination.

8. The City Council, or its designee, upon receipt of your appeal will set and conduct a hearing within thirty (30) days thereafter for the purpose of approving, modifying or disapproving the Director's determination.

DATED \_\_\_\_\_, at Arvin, California

\_\_\_\_\_  
(Planning Director).

D. Affidavit of Service. The planning director or person designated to personally serve and post the notice shall file an affidavit with the city clerk certifying that: (1) personal service was made on the date recited therein by registered or certified mail or personally delivered to the named person or persons, and (2) posted on the date therein recited at the places described therein as set forth in this section.

E. Protest Hearing. At the time set in the notice for protest the planning director shall hear the protest and/or proposed schedule for abatement or correction of the nuisance. The protest hearing may be reasonably continued by the director. Based on relevant facts the director may: (1) reject the protest and in writing inform the protestant that the provisions of the notice will continue in effect, or (2) allow the protest in whole or in part and in writing inform the protestant regarding that determination. The director shall also inform the protestant in writing that a written appeal may be filed with the city council within ten (10) days after issuance of the rejection of determination.

F. Appeal to City Council. Upon receipt of the appeal, the city council shall set a hearing and give written notice thereof to the appellant and the planning director. The city council shall hold a hearing on the date set or as reasonably continued, consider the evidence presented, and order approval, modification or disapproval of the director's rejection or determination and give notice thereof to the appellant and the director, including in the notice advice of further actions to carry out the order.

G. Actions Following City Council's Order. If the City Council approves the director's protest rejection or modified the director's determination, the director within fifteen (15) days thereafter, shall cause the nuisance to be abated as noticed or in accordance with the modification, whichever is applicable. The appellant may abate the nuisance if same is done prior to the undertaking to abate by the director. If the city council disapproves the director's protest rejection or determination, the director shall take no further action or proceedings with respect to the notice to abate.

H. Record of Abatement Cost and Expense. Director of field operations shall keep an accurate account of the items of work and cost thereof and overhead expense incurred in abating the nuisance. (Ord. 275 §1(part), 1994).

12.12.200 Infraction.

Any person violating any of the provisions or failing to comply with any of the mandatory requirements of this chapter shall be guilty of an infraction. Any person convicted of an infraction for violation of this chapter is punishable by: (1) a fine not exceeding fifty dollars (\$50.00) for a first violation; (2) a fine not exceeding one hundred dollars (\$100.00) for a second violation of this section within one (1) year; and (3) a fine not exceeding two hundred fifty dollars (\$250.00) for each additional violation of this chapter within one (1) year. (Ord. 275 §1(part), 1994).

Chapter 12.16

PARKING AND KEEPING OF TRUCKS WITHIN CITY LIMITS

Sections:

- 12.16.010 Title.
- 12.16.020 Definitions.
- 12.16.030 Parking of trucks and trailers regulated.
- 12.16.040 Maintenance and keeping of trucks regulated.
- 12.16.050 Truck routes established.
- 12.16.060 Violations--Penalties.

12.16.010 Title.

This chapter may be referred to as the "truck ordinance." (Ord. 307 (part), 1997; Ord. 272 §1(part), 1994).

12.16.020 Definitions.

As used in this chapter the following terms shall be defined as follows:

A. "Truck" means any motorized vehicle designed with a gross vehicle weight of over ten thousand (10,000) pounds, five (5) tons.

B. "Trailer" means a vehicle designed for carrying persons or property on its own structure and for being drawn by a motor vehicle and so constructed that no part of its weight rests upon another vehicle.

C. "Semi-trailer" means a vehicle designed for carrying persons or property, used in conjunction with a motor vehicle, and so constructed that some part of its weight and that of its load rests upon, or is carried, by another vehicle.

D. "Utility trailer" means any trailer used solely for the transportation of the user's personal property and which does not exceed a gross weight of six thousand (6,000) pounds.

E. "Maintenance" means any upkeep or work done as part of a regular program such as oil changes, filter changes, parts replacement or other activity in the repair and servicing of a vehicle.

F. "Residential district" means any property zoned R-1, R-2, R-3, R-4, R-S, PUD, E-1, E-2, E-3, E-4, and E-5.

Except as noted in this section, all other definitions shall be the same as those found in the state of California Vehicle Code, most recent addition. (Ord. 307 (part), 1997; Ord. 272 §1(part), 1994).

#### 12.16.030 Parking of trucks and trailers regulated.

A. In no instance shall a vehicle exceeding six (6) feet in height (including any load thereon) park on the street or public right-of-way within one hundred (100) feet of any intersection within the city.

B. In no instance shall a vehicle park in a manner to prohibit ingress or egress from a driveway, except that the owner or lessee may park in front of the owner's or lessee's private driveway when the vehicle displays a permit issued by the city so authorizing such use in a seven (7) inch square in the lower corner of the windshield farthest removed from the driver. This permit is intended to grandfather all owners or lessees who were established at the time of the enactment of this ordinance. No permits will be issued after October 1, 1997. For the purpose of defraying the cost of issuing or replacing such permits a fee of thirty-five dollars (\$35.00) for the original permit and ten dollars (\$10.00) for a replacement permit is established.

C. In no instance shall a refrigerator trailer or truck be parked with the refrigerator unit left running in a residential district within the city limits.

D. In no instance shall a trailer or semi-trailer be parked on a street or roadway without being attached to a truck unless the trailer or semi-trailer is unloaded and parked in the Arvin Industrial Park or, on South Derby Street, on the east side between Bear Mountain Boulevard and Sycamore Road or, on the west side between Haven Drive and Sycamore Road.

E. In no case shall a truck be left idling without a licensed driver in the vehicle and in no case shall idling time exceed ten (10) minutes.

F. No person shall park a truck and trailer or truck carrying flammable oils or gases in residential district of the city.

G. Trucks are hereby prohibited from being kept or parked in all new subdivisions approved by the city council. Signs shall be provided by the subdivider and posted to this effect prior to acceptance by the city.

H. This section shall not apply to parking a commercial vehicle in a residential district where such a vehicle is making pickup or deliveries of goods, wares and merchandise from or to any building or structure located on the street, or for the purpose of delivering materials to be used in the actual and bona fide repair, alteration, remodeling or construction of any building or structure upon the street for which a building permit has been obtained. (Ord. 307 (part), 1997: Ord. 272 §1(part), 1994).

#### 12.16.040 Maintenance and keeping of trucks regulated.

A. In no case shall an owner or operator perform maintenance or repairs to a truck in a residential district other than those emergency repairs required to facilitate moving said truck to a proper location.

B. In no case shall more than one (1) truck be parked at a residence at any one time.

C. In no case shall a truck be parked on a city street for more than seventy-two (72) hours. (Ord. 307 (part), 1997: Ord. 272 §1(part), 1994).

#### 12.16.050 Truck routes established.

A. The following streets are designated as truck routes:

1. Comanche Drive, that portion in the city limits.
2. Sycamore Road, that portion in the city limits.
3. Derby Street, that portion in the city limits.
4. State Highway 223, also known as Bear Mountain Boulevard, that portion in the city limits.
5. Kovacevich Street, that portion between Sycamore Road and Schipper Street.
6. Stockton Avenue, that portion between Sycamore Road and Schipper Street.
7. Schipper Street, that portion between Derby Street and Stockton Avenue.

B. Exception. At the time of passage of this chapter, those residences having an existing truck use and having a permit as per Section 12.16.030(B) of this chapter, may be maintained until such time as the property shall sell or be released or the lease expires.

C. Trucks with a gross vehicle of over ten thousand (10,000) pounds, five (5) tons, found driving off of the designated routes as described in subsection (A) of this section without a valid parking permit issued by the city or in compliance with Section 12.16.030(H) shall be in violation of driving off the designated truck route.

D. Trucks found to be in violation of this chapter will be subject to the penalties described in Section 12.16.060. Knowledge of a violation of Section 12.16.050(A), will be conclusive presumed if a truck is found parked on private property and is not properly displaying a use permit, and is not performing a function described in Section 12.16.030(H). Trucks shall be subject to the penalties described in Section 12.16.060, even though the truck is not found on a street or public property. (Ord. 307 (part), 1997: Ord. 272 §1(part), 1994).

#### 12.16.060 Violations--Penalties.

Any violation of any regulation governing the standing or parking of a truck, truck and trailer or vehicle under the California Vehicle Code, under federal statute or regulation, or under this code is subject to a civil penalty. The enforcement of those civil penalties shall be governed by the civil administrative procedures as set forth in Section 40200 et seq. of the California Vehicle Code. The schedule of parking penalties for parking violations, late payment penalties, administrative fees and

other related charges for parking violations are as set forth below:

BAIL AND FINE SCHEDULE

<b>No.</b>	<b>Violation of Code</b>	<b>BEF</b>	<b>AFT</b>	<b>HLD</b>
1.	4000 (a) CVC	\$57.00	\$67.00	\$82.00
