**PERMIT APPLICATION**

**CITY OF ARVIN**
PUBLIC WORKS & ENGINEERING DEPT

**TERMS & CONDITIONS**
1. Six (6) copies of plans (folded), maps, specifications, calculations and etc. clearly indicating the scope and location of work shall be submitted for approval prior to the proposed start of work date. The permit must have been approved prior to the commencement of any work - Allow at least 14 work days to process.
2. The permittee and their agents or subcontractors shall have in force a current Business License issued by this city.
3. All work within the City of Arvin streets, alleys and easements shall conform to the provisions of the Arvin Municipal Code and the Arvin City Improvement Standards.
4. Twenty-four (24) hour notice shall be provided prior to the commencement of any work.
5. Permittee shall obtain inspections as the work progresses, as directed by the inspector. Final inspection and approval shall be required for this project prior to acceptance of work and release of securities by the City.
6. Permittee shall provide compaction, elevation, flood, and etc. certificates as directed by the inspector, issued by an agency licensed by the State of California to perform such determinations, prior to the placement of surface materials.
7. The Job Card shall remain at the work site at all times and all sign-offs of inspections or clearances shall be made thereon.
8. Permittee and their agents or subcontractors shall hold the City of Arvin harmless of all liabilities and litigations.

I certify that I have read this application and that all information herein is true and correct. I agree to comply with all city and county ordinances and state laws relating to this project.
